

Introduction

JAMES 1:27 TRUST

"Pure and lasting religion in the sight of God our Father means that we must care for orphans and widows in their troubles and refuse to let the world corrupt us."

- James 1:27

This philosophy of care, integrity and engagement is at the heart of all we do.

“A society that
cares for every
person.”

A photograph showing four children walking away from the camera on a dirt path in a shanty town. The children are dressed in simple, everyday clothing. The background features makeshift structures made of wood and fabric, with hills visible in the distance under a clear sky.

“Empowering care for orphans, vulnerable children and youth.”

Financial Management

Enterprise Development

Monitoring & Evaluation

HR Administration

Communication Systems

Purpose is to assist with the administrative burden,
ensure a high standard of care, and prepare
organisations for placement on the social market.

Sponsors

- Find care services to support by care category or location
- Sign up for once-off or recurring sponsorships
- Pay with debit order, EFT, credit card or PayPal
- Get reports on personal financial contributions
- Get reports on impact of contributions
- Invite friends to become sponsors
- Get reports on impact of social network
- Loyalty programme (with over 1000 participating retailers)

Care Providers

- Marketing channel for care services
- Receive payments from sponsors
- Communicate with sponsors
- Get reports on sponsors and purchased services

Purpose is to support the provision of high impact care services through the creation of a competitive online market that links providers with sponsors of care.

Care Management

- Online care management platform
- Built around James 1:27 Trust holistic care model and workflows
- Manage data for multiple offices with multiple staff roles and authorisations
- Track household and beneficiary biographic, demographic & care information
- Schedule and report on care interventions
- Manage care plans, care workers and budgets

Care Monitoring and Reporting

- Development lifecycle tracks beneficiary progress through the stages of emergency relief, rehabilitation, development, autonomy and reciprocity
- Track care progress against Child Status Index
- Generate care reports for management or sponsors
- Report against national and international policies, such as the UN Convention on the Rights of the Child

Purpose is to support the management, monitoring and evaluation of care services through a proven holistic care model and online management platform.
